## TEXT OF DRAFT RESOLUTIONS

### ORDINARY SESSION

**First resolution** (*Approval of the Company's financial statements for the year ended 31 December 2025*). – The General Meeting, ruling under the quorum and majority conditions required for Ordinary General Meetings, having reviewed the Company's financial statements for the fiscal year ended 31 December 2025 and the reports of the Board of Directors and Statutory Auditors on these annual financial statements, approves in full the report of the Board of Directors and the financial statements for the year ended 31 December 2025, which include the balance sheet, income statement and notes, as presented, showing a profit of €169,651,938.75.

The General Meeting consequently approves the transactions reflected by these financial statements and summarized in these reports.

The General Meeting notes that there were no expenditure and charges covered by Article 39.4 of the French General Tax Code and observes that there is no corporate income tax payable in this respect.

**Second resolution** (*Approval of the consolidated financial statements for the year ended 31 December 2025*). – The General Meeting, ruling under the quorum and majority conditions required for Ordinary General Meetings, having reviewed the reports of the Board of Directors and Statutory Auditors on the consolidated financial statements, approves the consolidated financial statements for the year ended 31 December 2025, which include the balance sheet, income statement and notes, as presented, as well as the transactions reflected by these financial statements and summarized in these reports.

The General Meeting notes that the consolidated net income of the Group as of 31 December 2025 was €738,749 thousand.

**Third resolution** (*Appropriation of income – Distribution of dividend*). – The General Meeting, ruling under the quorum and majority conditions required for Ordinary General Meetings, after noting that the profit for the financial year, which amounts to €169,651,938.75, plus the profit carried forward in the amount of €3,053,743, brings the profit available for distribution to €172,705,681.75, resolves, upon a proposal from the Board of Directors:

- to allocate the profit available for distribution amounting to €172,705,681.75 to the distribution of a dividend;
- also to distribute a sum of €245,882,323.25 deducted from:
  - (i) to the "Merger bonus" account, up to €149,900.75, which will thus be reduced from €149,900.75 to €0;
  - (ii) to the "Contribution bonus" account, up to €245,732,422.50, which will thus be reduced from €455,745,369.15 to €210,012,946.65.

The General Meeting notes acknowledgest each share will receive a cash dividend of €3.75 (including the interim dividend already paid), which is composed for tax purposes as follows:

- an amount of €1.16052 drawn from the profits of activities exempt from corporate income tax pursuant to the SIIC regime provided for in Article 208 C of the French General Tax Code, not eligible for the 40% rebate;
- an amount of €0.38804 drawn from the profits of taxable activities, eligible for the 40% rebate provided for in Article 158 of the French General Tax Code; and
- an amount of €2.20144 deducted from the "Contribution bonus" account and considered, for tax purposes, as a repayment of capital contributions within the meaning of Article 112-1° of the French General Tax Code.

As the Board of Directors, by a decision dated 18 February 2026, resolved to distribute an interim dividend of €1.50 per share, detached on 17 March 2026 and paid on 19 March 2026, the General Meeting resolves that the balance of the dividend, i.e., an amount of €2.25 per share, shall be detached on 15 July 2026 and paid on 17 July 2026.

Based on the total number of shares which made up the share capital on 18 February 2026, i.e. 111,623,468 shares, subject to Article 25.3 of the Articles of Association of the Company to the Shareholders Subject to Withholding, a total dividend of €418,588,005 will be paid.

The portion of this dividend levied on profits subject to corporation tax and allocated to natural persons subject to income tax in France is only eligible to the 40% rebate in the event of an annual, express and overall option for the progressive income tax scale pursuant to Article 200 A 2 of the French General Tax Code. In compliance with Article 158 3, 3<sup>o</sup> b bis of the French General Tax Code, this rebate does not apply to earnings exempt from corporate income tax under the SIIC plan in application of Article 208 C of the French General Tax Code.

The General Meeting resolves that the amount the shareholders may have waived, as well as the amount corresponding to treasury shares on the dividend payment date, which do not grant a right to dividends pursuant to the provisions of Article L. 225-210 of the French Commercial Code, will be allocated to the "Retained earnings" account. Consequently, the General Meeting grants all powers to the Board of Directors, with a right of sub-delegation, under the conditions provided for by the legal and regulatory provisions, for the purpose of determining, considering in particular the number of shares held by the Company at the record date (included), the overall amount of the dividend and, consequently, the amount to be allocated to the "Retained earnings" account.

In accordance with the law, the General Meeting confirms that the dividends distributed for the previous three fiscal years were as follows:

**Seventeenth resolution** (*Authorisation to be granted to the Board of Directors for the Company to purchase its own shares*). – The General Meeting, ruling under the quorum and majority conditions required for Ordinary General Meetings, having reviewed the report of the Board of Directors and in accordance with the provisions of Articles L. 225-210 *et seq.* and L. 22-10-62 *et seq.* of the French Commercial Code, EC Regulation No. 596/2014 of the European Parliament and of the Council of 16 April 2014, Articles 241-1 to 241-7 of the General Regulation of the Autorité des Marchés Financiers (French Financial Markets Authority) and the market practices allowed by the Autorité des Marchés Financiers:

- terminates, effective immediately, for the unused portion, the authorisation having the same purpose granted by Resolution 18 of the Combined General Meeting of 17 April 2025;
- authorises the Board of Directors, which may further delegate such authority under the conditions provided for by legal and regulatory provisions, to purchase treasury shares or cause them to be purchased, all at once or in several instances at the time of its choosing; and
- resolves that purchases of Company shares as described in the paragraph above may be for a number of shares such that the number of shares that the Company would purchase during the buyback program does not exceed 10% of the shares making up the share capital of the Company (at any time whatsoever, and this percentage applies to adjusted capital based on the impact of transactions subsequent to this General Meeting). It is stipulated that (i) a maximum of 5% of the shares comprising the Company's share capital may be allocated for holding purposes and subsequent payment or exchange within the framework of a merger, split or contribution, and (ii) in the event of an acquisition within the context of a liquidity agreement, the number of shares taken into account for calculating the 10% limit on the total share capital mentioned above corresponds to the number of shares purchased less the number of shares resold during the term of this authorisation, and (iii) purchases made by the Company may not under any circumstances lead to it owning more than 10% of the share capital of the Company.

The maximum purchase price paid by the Company for its own shares must not exceed eighty-five euros (€85) per share (excluding acquisition expenses). In case of capital transactions, specifically through the incorporation of reserves and the allocation of free shares and/or the splitting or consolidation of shares, this price will be adjusted by a multiplier coefficient equal to the ratio between the number of shares comprising the share capital prior to the transaction and the same number after the transaction. Therefore, in the event of a change in the share par value, a capital increase through the incorporation of reserves, the allocation of free shares, the splitting or consolidation of shares, the distribution of reserves or any other assets, the amortisation of capital or any other transaction affecting shareholders' equity, the General Meeting resolves to delegate to the Board of Directors the authority to adjust the aforementioned maximum purchase price in order to take these transactions into consideration in the share value.

The maximum amount of funds reserved for the share buyback program will be five hundred million euros (€500,000,000).

Subject to compliance with the applicable legal and regulatory provisions, transactions relating to purchases,

disposals, exchanges or transfers may be executed by any means, including by trading on a regulated market or a multilateral trading facility, with systematic internalisers or over the counter particularly including through the acquisition or sale of blocks of shares (on or off the market), takeover or public exchange offering, as well as through the use of financial instruments, specifically derivative financial instruments traded on a regulated or over-the-counter market, such as calls or puts options or any combinations thereof, or by recourse to warrants, either directly or indirectly through an investment service provider, under the conditions authorised by the competent market authorities and at such times as the Company's Board of Directors deems fit. The maximum portion of the share capital acquired or transferred in the form of blocks of shares may comprise up to the entire program.

These transactions may take place at any time, subject to compliance with regulations in effect, unless a third-party files a public offering for the shares of the Company, until the end of the offer period.

This authorisation is intended to enable the Company to pursue the following objectives, in compliance with the applicable legal and regulatory provisions:

- to allocate shares to executive corporate officers or employees of the Company and/or of companies belonging to its group, in accordance with the terms and conditions set out in the laws and regulations applicable to (i) the sharing in the benefits due to the Company's growth, (ii) the stock option scheme provided for by Articles L. 225-177 *et seq.* of the French Commercial Code and L. 22-10-56 of the French Commercial Code, (iii) the scheme for the allocation of free shares as provided for in Articles L. 225-197-1 *et seq.* of the French Commercial Code and L. 22-10-59 and L. 22-10-60 of the French Commercial Code and (iv) any employee savings plan, as well as to undertake any hedging transaction relating to these transactions, under the conditions stipulated by the market authorities and at such times as the Board of Directors or the individual acting on behalf of the Board of Directors deems suitable;
- to remit the shares during the exercise of rights attached to securities giving the right, immediately or in the future, through redemption, conversion, exchange, presentation of a warrant or any other manner, to the allocation of Company shares, as well as to undertake any hedging transaction in relation to the issuance of such securities, under the conditions stipulated by the market authorities and at such times as the Board of Directors or the individual acting on behalf of the Board of Directors deems suitable;
- to hold the shares and remit them later as payment or in exchange in the context of potential transactions for external growth, merger, split or contribution;
- to cancel all or part of the shares through a reduction in the share capital (specifically in order to optimise cash management, return on equity or earnings per share), subject to this General Meeting adopting Resolution 19 below;
- to facilitate the liquidity of transactions and consistency in the trading of the Company's shares or to prevent price swings not justified by market trends within the framework of a liquidity agreement entered into with an investment services provider operating in complete independence, under the terms and conditions set by regulation and recognised market practices and in accordance with a code of ethics recognised by the Autorité des Marchés Financiers;
- and also with a view to any other practice that could be recognised by the law or the Autorité des Marchés Financiers or any other purpose to be authorised by the law or regulations in effect in future. In such a case, the Company would inform its shareholders by sending out a notice.

This authorisation is given for eighteen (18) months as at the date of this General Meeting.

The General Meeting grants complete authority to the Board of Directors, which may further delegate such authority under the conditions stipulated by the applicable legal and regulatory provisions, for the purposes of implementing this authorisation, and specifically:

- to place all orders on the securities exchange or over the counter;
- to enter into any agreements specifically with a view to maintaining records on the purchase and sale of shares;
- to prepare any documents, specifically for information purposes;

- to allocate or reallocate the shares acquired for the various purposes in question, under the applicable legal and regulatory conditions; and
- to prepare any statements and execute any recording requirements of the Autorité des Marchés Financiers or any other public authority and, in general, to take all necessary measures.

The General Meeting acknowledges that, in the event that the Board of Directors uses this authorisation, the Board of Directors must report on it pursuant to Article L. 225-100 of the French Commercial Code, in accordance with Article L. 225-211 of the French Commercial Code.

- authorises the Board of Directors, which may further delegate such authority, for a period of eighteen (18) months from the date of this General Meeting, to cancel, on one or more occasions and at the times it deems fit, the shares acquired by the Company under the authority of Resolution 17 or any other resolution with the same purpose and same legal basis, within the limit of 10% of the Company's share capital per period of twenty-four (24) months, and to reduce the share capital accordingly, on the understanding that this percentage applies to the capital following any adjustments to take into account the impact of transactions subsequent to this General Meeting; and
- authorises the Board of Directors to allocate the difference between the purchase value of the cancelled shares and their par value to the "Share premium" account or to any available reserves or premium account, including legal reserves, to a maximum of 10% of the completed capital reduction.

The General Meeting grants all authority to the Board of Directors, which may further delegate such authority under the conditions stipulated by the legal and regulatory provisions, to undertake this (these) transaction(s) involving share cancellations and capital reductions, specifically to set the final value of the capital reduction, setting the conditions and confirming its fulfilment and undertaking the corresponding amendment of the Company's Articles of Association, to take any formal recording measures, to make any efforts and statements to any public entities and, in general, to do anything necessary.

**Twentieth resolution** (*Delegation of authority to the Board of Directors to issue Company shares and/or securities giving access to the Company's share capital (or to the capital of companies in which the Company directly or indirectly owns more than half of the share capital), maintaining shareholders' preferential subscription right*). – The General Meeting, ruling under the quorum and majority conditions required for Extraordinary General Meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report, and in accordance with the provisions of Articles L. 225-129 *et seq.*, and in particular Articles L. 225-129-2, L. 225-132 to L.225-134, and L. 228-91 *et seq.* of the French Commercial Code:

- terminates, effective immediately, for the unused portion, the delegation having the same purpose granted by Resolution 21 of the Combined General Meeting of 17 April 2025;
- delegates the authority to the Board of Directors, which may further delegate said authority, for a period of twenty-six (26) months as from the date of this General Meeting, to decide, on one or more occasions, in the proportions and at the times it deems fit, both in France and abroad, on the issuance, in euros or in foreign currency, maintaining the shareholders' preferential subscription rights, of Company shares and/or securities (including warrants to subscribe for new or existing shares), providing immediate and/or future access by any means to the Company's share capital, whether issued free of charge or in return for payment. In accordance with article L. 228-93 of the French Commercial Code the securities to be issued may give access to equity securities to be issued by any company in which the Company directly

- or indirectly owns more than half of the share capital;
- notwithstanding the above, resolves that the Board of Directors may not, unless with the prior authorisation of the General Meeting, use this delegation of authority as of the date of the filing by a third party of a proposed public takeover offer for the Company's shares, and until the end of the offer period;
  - resolves that the maximum nominal amount of the share capital increases performed under this delegation, immediately or in the future, may not exceed a total of one hundred million four hundred sixty thousands euros (€100,460,000), plus the par value of any additional shares to be issued to protect the rights of the holders of securities convertible into equity as required by applicable legal, regulatory and contractual stipulations. This amount is set independently and separately from the caps on share capital increases as a result of share and/or securities issues authorised by Resolution 18 and Resolutions 21 to 26; and
  - also resolves that the par value of debt securities convertible into equity immediately and/or in the future that may be issued under this delegation may not exceed a total of one billion euros (€1,000,000,000) or the equivalent of this on the date of this issuance decision in the case of an issuance in foreign currency or in a unit of account set by reference to several currencies. Please note that the nominal amount of the debt securities convertible into equity immediately and/or in the future issued under this delegation and Resolutions 21 to 25 may not exceed a total of one billion euros (€1,000,000,000), the overall cap for all debt securities. This amount is independent of the amount of the debt securities for which issuance was decided or authorised by the Board of Directors in accordance with Article L. 228-40 of the French Commercial Code.

Shares or securities convertible into equity may be subscribed for either in cash or by offsetting receivables against the Company.

Shareholders have a preferential right, in proportion to the value of their shares, to subscribe the shares and securities issued under this resolution. The Board of Directors may establish, for shareholders, a subscription right on a reducible basis for the shares or securities issued, which will be issued in proportion to their subscription rights and up to the maximum of their orders.

Consequently, if subscriptions on an irreducible basis and, where applicable, on a reducible basis, have not absorbed the entire issue of shares or securities as defined above, the Board of Directors may use all or some of the options below in the order it deems appropriate:

- to restrict the issue to the amount of subscriptions, it being specified that in the event of a share issue, this limit may only be applied by the Board of Directors on condition that the subscriptions amount to at least three quarters (3/4) of the issue decided;
- to freely distribute all or part of any securities not subscribed on an irreducible basis and, where relevant, on a reducible basis; and
- to offer to the public all or part of the non-subscribed shares on the French market and/or abroad.

The General Meeting acknowledges that the authorisation implies, as applicable, in favor of the holders of such securities convertible into equity as may be issued under this delegation, automatic waiver by the shareholders of their preferential subscription right to shares in connection with such securities.

The General Meeting resolves that Company's stock warrants may be issued by subscription offer, as well as by free allocations to owners of old shares, and that in the event of a free allocation of stock warrants, the Board of Directors will be entitled to resolve that fractional allocation rights will not be negotiable and that the corresponding securities must be sold.

The General Meeting grants all powers to the Board of Directors to implement this delegation, with a right of sub-delegation, under the conditions provided for by the legal and regulatory provisions, specifically for the purposes of:

- determining the dates, prices and other conditions of the issues as well as the form and features of the transferable securities to be created;
- setting the amounts to be issued and the dividend entitlement date, retroactively or not, for

- the securities to be issued;
- determining the method of release for the shares or other securities issued and, if applicable, the conditions for their purchase or exchange;
  - suspending, if applicable, the exercise of the share allocation rights attached to the securities to be issued, for a period no longer than three (3) months;
  - setting the terms and conditions under which the rights of holders of securities convertible into equity will be maintained, as relevant, in accordance with the legal and regulatory provisions in force and the conditions of any applicable contracts providing for other adjustments;
  - charging any amounts against the share premium as required, in particular the fees triggered by the issuance, to deduct from this amount the necessary amounts corresponding to 10% of the nominal value of each issue for the legal reserve after each increase;
  - undertaking any formalities required for the listing for trading on a regulated market in France or abroad, of the rights, shares or securities issued pursuant to this delegation, and providing the financial services of the securities in question and exercise of the corresponding rights;
  - deciding, in the event of an issue of transferable securities representing debt securities convertible into equity, subject to the conditions defined by law, whether or not they are subordinated, if so, determining their level of subordination, setting the interest rate and the currency, the maturity, which may be perpetual if applicable, the fixed or variable redemption price with or without premium, the conditions for amortisation based on market conditions, and the conditions under which these securities will be convertible into shares of the Company and the other conditions for issue (including the act of granting guarantees or securities) and amortisation; and
  - in general, taking any measure that may be required, entering into any agreements, requesting any authorisations, performing any formalities, and doing whatever is necessary to ensure the successful outcome of the issues planned, or to postpone them, and specifically recording the capital increases resulting from any issue performed through the use of this delegation, and amending the Company's Articles of Association accordingly.

**Twenty-first resolution** (*Delegation of authority to the Board of Directors to issue Company shares and/or securities giving access to the Company's share capital (or to the share capital of companies in which the Company directly or indirectly owns more than half of the share capital), with cancellation of shareholders' preferential subscription right and with an optional priority period granted to them, by means of a public offering other than that mentioned in 1° of Article L. 411-2 of the Monetary and Financial Code*). – The General Meeting, ruling under the quorum and majority conditions required for Extraordinary General Meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report, and in accordance with the provisions of Articles L. 225-129 *et seq.*, and in particular Articles L. 225-129-2, L. 225-135, L. 225-136, and the provisions of Articles L. 22-10-51, L. 225-136, L. 22-10-52 and L. 228-91 *et seq.* of the French Commercial Code:

- terminates, effective immediately, for the unused portion, the delegation having the same purpose granted by Resolution 22 of the Combined General Meeting of 17 April 2025;
- delegates to the Board of Directors, which may further delegate such authority, the power to decide, on one or more occasions, in the proportions and at the times it deems fit, for a period of twenty-six (26) months as from the date of this General Meeting, , to issue, by way of an offer to the public other than that referred to 1 of Article L. 411-2 of the French Monetary and Financial Code), in France or abroad, in euros or in foreign currency, with cancellation of shareholders' preferential subscription rights, Company shares and/or securities giving access by any means, immediately and/or in the future, to the share capital of the Company. In accordance with Article L. 228-93 of the French Commercial Code, the securities to be issued may give access to securities giving access to share capital of any company in which the Company directly or indirectly owns more than half of the share capital;
- resolves, the above notwithstanding, that the Board of Directors may not, unless with the prior authorisation of the General Meeting, use this delegation of authority as of the date of the filing by a third party of a proposed public takeover offer for the Company's shares, and until

the end of the offer period;

- resolves that the maximum nominal value of increases in the Company's share capital made immediately or in the future under this delegation may not exceed:
  - (i) sixty-six million nine hundred seventy thousand euros (€66.970.000), if a priority period is granted by the Board of Directors to the shareholders, given that, to this amount will be deducted the nominal amount of any capital increase of the Company that may be carried out, resulting from the issue of shares and/or securities authorized under this delegation of powers pursuant to paragraph (ii) below and under Resolutions 22 to 25; or
  - (ii) thirty-three million four hundred and eighty thousand euros (€33,480,000) if no priority period has been granted to the shareholders, it being specified that this cap is global with the capital increases resulting from the issues of shares and/or securities authorized under Resolutions 22 to 25

To these caps will be added, where applicable, the additional par value of the shares or other equity securities to be issued in order to preserve the rights of the holders of securities representing debt instruments giving access to the share capital, in accordance with the applicable legal and regulatory provisions and any applicable contractual stipulations providing for other cases of adjustment; and

- resolves that the maximum nominal amount of debt securities giving access to the Company's share capital immediately and/or in the future, issued under this delegation may not exceed a total of one billion euros (€1,000,000,000), the overall cap for debt securities provided for herein and in Resolutions 20 and 22 to 25, or the equivalent of this amount on the date of the issuance decision in the event of issuance in foreign currency or in a unit of account set by reference to several currencies. This amount is independent of the amount of the debt securities for which issuance was decided or authorised by the Board of Directors in accordance with Article L. 228-40 of the French Commercial Code.

Issuances decided under this delegation will be completed through public offering.

This delegation of authority expressly excludes the issue of preference shares or marketable securities providing access by any means to preference shares either immediately or in the future.

Shares or securities convertible into equity may be subscribed for either in cash or by offsetting receivables against the Company.

The General Meeting resolves:

- to waive the shareholders' preferential subscription right to the shares and/or securities issued under this delegation;
- to delegate to the Board of Directors, in accordance with Article L. 22-10-51 of the Commercial Code, the power to grant shareholders a priority subscription period for all share issues pursuant to this Resolution for a period of at least three (3) trading days, and under conditions that it will set in accordance with the regulations in force on the date of the operations in question. The priority subscription period that does not lead to the creation of negotiable rights must be exercised in proportion to the portion of equity owned by each shareholder and could potentially be topped up by a subscription on a reducible basis, in the understanding that unsubscribed shares will be sold through a public offer in France or, where applicable, abroad; and
- to delegate to the Board of Directors, in accordance with Article L. 22-10-52 of the French Commercial Code, the power to freely set the issue price of the equity securities that may be issued under this delegation of authority, within the following limits:
  - (i) the issue price of the new shares shall be set by laws and regulations in force at the date of use of this delegation and must be at least equal to the lowest price (at the discretion of the Board of Directors) of (x) the weighted average of the market prices over the last twenty trading sessions preceding the start of the public offering, (y) the weighted average of the market prices over the last three trading sessions preceding the start of the public offering or (z) the closing market price preceding the start of the public offering, less a discount of up to a maximum of 10% if decided by the Board of Directors;

- (ii) the issue price of securities giving access to the share capital of the Company whether immediately and/or in the future, issued under this delegation will be such that the sum immediately received by the Company, plus, as applicable, any amount the Company might receive subsequently, for each share or other equity security issued as a consequence of the issuance of these securities, will be at least equal to the price determined by the Board of Directors according to (i) of the previous paragraph, after adjustment of this amount, if necessary, to cover any difference of dividend entitlement dates.

If subscriptions have not absorbed the entire issue of shares or other securities as defined above, the Board of Directors may use all or some of the options below, as it deems fit, and in the order, it deems appropriate:

- to limit the issuance to the amount subscribed, provided that this is equal to at least three quarters (3/4) of the agreed value of the issuance;
- to freely distribute all or part of the unsubscribed securities;
- to offer all or part of the unsubscribed securities to the public.

The General Meeting acknowledges that this delegation automatically implies a waiver by the shareholders of their preferential subscription right to the shares to which such securities give entitlement, in favor of holders of securities giving access to the Company's share capital that may be issued.

The General Meeting grants all powers to the Board of Directors to implement this delegation, with a right of sub-delegation, under the conditions provided for by the legal and regulatory provisions, specifically for the purposes of:

- determining the dates and conditions of the issues as well as the features of the transferable securities and shares to be created or associated with them;

- deciding, in the event of the issue of transferable debt securities convertible into equity as provided for under French law, whether these securities should be subordinated or not (and setting their subordination rank where applicable), setting their interest rate, currency, maturity (which may be perpetual), their fixed or variable redemption price (with or without premium), amortisation conditions based on market conditions, conditions under which these securities will entitle holders to Company shares, and other conditions concerning their issuance (including the act of granting guarantees or securities) and amortisation; and

- in general, taking any measure that may be required, entering into any agreements, requesting any authorisations, performing any formalities, and doing whatever is necessary to ensure the successful outcome of the issues planned, or to postpone them, and specifically recording the capital increases resulting from any issue performed through the use of this delegation, and amending the Company's Articles of Association accordingly.

**Twenty-second resolution** (*Delegation of authority to the Board of Directors to issue Company shares and/or securities giving access to the Company's share capital (or to the share capital of companies in which the Company directly or indirectly owns more than half of the share capital), with cancellation of shareholders' preferential subscription right, for the benefit of qualified investors or a restricted circle of investors within the framework of an offer referred to in Article L. 411-2, 1° of the Monetary and Financial Code*). – The General Meeting, ruling under the conditions of quorum and majority required for extraordinary general meetings, having reviewed the report of the Board of Directors and the special report of the auditors, in accordance with the provisions of articles L. 225-129, L. 225-129-2 to L. 225-129-6, L. 225-135, L. 225-136, L. 228-91 to L. 228-93, L. 22-10-49, L. 22-10-51 and L. 22-10-52 of the Commercial Code and the provisions of Article L. 411-2 1° of the Monetary and Financial Code:

- resolves, notwithstanding the above, that the Board of Directors may not, unless authorized in advance by the General Meeting, make use of this delegation of authority from the time a third party files a proposed public offer for the Company's securities until the end of the offer period;
- resolves that the maximum nominal amount of the Company's share capital increases that may be carried out immediately and/or in the future, under this delegation, may not exceed thirty-three million four hundred and eighty thousand euros (€33,480,000), an overall cap with all capital increases resulting from the issues of shares and/or securities authorized by Resolutions 23 to 25 and, in the case of issues made without a priority period being granted to shareholders, by Resolution 21, and will be deducted from the nominal amount of the share capital increases that may be carried out under paragraph (i) of Resolution 21 (issue with priority period).  
To this cap will be added, if applicable, the nominal value of any additional shares or other equity securities to be issued to preserve the rights of holders of securities representing debt instruments giving access to the capital, in accordance with applicable laws and regulations and any applicable contractual provisions providing for other cases of adjustment; and
- resolves that the nominal amount of the debt securities giving access to the Company's share capital immediately and/or in the future, which may be issued under this delegation, may not exceed one billion euros (€1,000,000,000), the overall cap for all issues of debt securities provided for in this delegation and in Resolutions 20, 21 and 23 to 25, or the equivalent value of this amount, on the date of the decision to issue, in the event of issue in a foreign currency or in a unit of account set by reference to several currencies. This amount is independent of the amount of debt securities whose issue would be decided or authorized by the Board of Directors in accordance with Article L. 228-40 of the French Commercial Code.

Issues of preference shares and securities giving access by any means, immediately and/or in the future, to preference shares are expressly excluded from this delegation of authority.

The subscription of shares or securities giving access to the share capital may be made either in cash or by

offsetting claims against the Company.

The General Meeting resolves to cancel the preferential subscription right of shareholders of shares and/or securities issued under this delegation. The issues that may be carried out pursuant to this authorisation will be exclusively addressed to (i) qualified investors and/or (ii) a restricted circle of investors within the meaning of Article D. 411-4 of the Monetary and Financial Code, provided that these investors are acting on their own behalf.

- (i) the issue price of the shares will be set in accordance with the provisions of the laws and regulations in force at the time of use of this delegation, and must be at least equal to the lowest price (at the discretion of the Board of Directors) of (x) the weighted average of the prices of the last twenty trading sessions preceding the start of the public offering, (y) the weighted average of the prices of the last three trading sessions preceding the start of the public offering or (z) the closing price preceding the start of the public offering, less a discount of up to a maximum of 10% if decided by the Board of Directors;
- (ii) the issue price of the securities giving access by any means, immediately and/or in the future, to the Company's share capital that may be issued pursuant to this delegation will be such that the sum received immediately by the Company, plus, where applicable, the sum that may be received subsequently by it, is, for each share or other equity security issued as a result of the issuance of these securities, at least equal to the price determined by the Board of Directors in accordance with (i) of previous paragraph, after adjustment of this amount, if necessary, to cover any difference of dividend entitlement dates.

If the subscriptions have not absorbed the totality of an issue of shares or securities as defined above, the Board of Directors may decide to use, at its discretion and in the order it deems appropriate, all or part of the following options:

- to limit the issue to the amount of the subscriptions, provided that the amount of subscriptions reaches at least three-quarters (3/4) of the agreed issue amount;
- to freely distribute all or part of the unsubscribed securities;
- to offer all or part of the unsubscribed securities to the public.

The General Meeting acknowledges that this delegation automatically entails, in favor of the holders of marketable securities that may be issued and that give access to the Company's share capital, the waiver by the shareholders of their preferential subscription right to the shares to which these marketable securities give entitlement.

- acknowledges that the authorisation implies automatic waiver by the holders of any securities convertible into equity issued under this delegation of their preferential subscription right to shares in connection with such securities.

The General Meeting grants all powers to the Board of Directors to implement this delegation, with a right of sub-delegation, under the conditions provided for by the legal and regulatory provisions, specifically for the purposes of:
